

Donation from Son of Pullman Co. Employee

Dave Poole came and visited the Library and showed us a book of consists that were collected by his father, Clarence H. Poole Jr. He was a Pullman Co. Employee (correct spelling) and “used his pass aggressively”. Every consist in the books were collected as he took train trips all over the US & Canada, from 1927 to 1969.

Notes: As an Employee Pass, most of his trips were on secondary or tertiary trains. Many city pairs show business trips (for example, CHI-BUF are indicative of a business trip between Pullman Co. Plants)

Mr. Poole usually put a mark next to the car he rode in.

A sincere “Thank you” to both father & son Poole!
